Silver Spring Properties Limited

Silver Spring Properties Limited is a newly growing company involved in Real Estate Development activities. Silver Spring Properties Limited is committed to fulfill client's requirement by their services and in time flat handover process.

Preconstruction Consulting

Mazid Sons Construction Ltd takes a 'risk management' approach. Prior to project start we will work with client to determine and design in risk adverse 'build ability', (i.e. that it can be built, it will be built, and it will be problem free) and to ensure 'economy' (i.e. that it can and will be delivered at the most cost-effective price without compromising quality).

We evaluate all potential life cycle costs of the building and recommend materials that will provide maintenance free solutions. We assess planning and building requirements to highlight and design out or minimize any risk.

Traditional Contracting

If the preferred procurement route is a traditional form of contract, Mazid Sons Construction Ltd. offers a wide range of experience in this sector.

As in all we do, Mazid Sons Construction Ltd. takes a non-adversarial approach to construction and will highlight potential delays or cost increases as early as possible.

Management Contracting

Mazid Sons Construction Ltd. maintains specialist management Contracting teams with the wide range of skills required to successfully manage and deliver multibillion BDT's Bangladesh projects.
